CUSTOMER TUNED PRODUCT OPTIMIZATION

A fancy way of saying that we're committed to working with you through the spec and build process. Cookie cutter trucks is not what we're about. The process we follow, identifying needs, working with you chassis supplier, understanding your environment, and optimizing the spec are what we're committed to. The Continental process shines through every step of the way, so that you can be certain you're getting the performance you need.

PROVEN KIMBLE PERFORMANCE:

FEATURE	BENEFIT
LONG AND LEAN DRUM	Best Center of Gravity Less Hydraulic Pressure On Front Axle
STRONGEST SUBFRAME IN THE INDUSTRY	<ul style="list-style-type: none"> • 6 1/2 x 4 1/2 x 3/8 • Allows for single frame chassis • Long Lasting Strength • Kimble Proven and Time Tested
WIDE RANGE OF CUSTOMIZATION OPTIONS	Custom spec'd to fit your operation
SIMPLICITY BY DESIGN	
<ul style="list-style-type: none"> • Customer-tuned Product Optimization 	Customer-led collaboration
<ul style="list-style-type: none"> • Simplified Field Diagnosis and Repair 	For maximum uptime
<ul style="list-style-type: none"> • Straightforward Controls 	Easy to train, easy to operate safely
<ul style="list-style-type: none"> • Fewer Lines Hoses (now JIC) 	For reliability and less potential for damage
LARGEST WORK PLATFORM	Delivering high performance and longevity
<ul style="list-style-type: none"> • High Performance Angled Ladder 	Angled Ladder Reduces Fatigue and Prevents Slips

FIRST KOMMAND CONTROLS

SIMPLE TO OPERATE AND MAINTAIN
